

COUNCIL TO TALK COMFORT STATIONS

Informal Meeting Called for Friday—Public Urged To Attend.

Hoping to map out a program to care temporarily for the need of city comfort stations, Mayor T. E. Welsh today called an informal meeting of the council for 8 o'clock Friday evening in the council chambers at the city hall. He hopes the general public will turn out to offer suggestions.

It is probable a committee will be appointed to push the matter to completion. The mayor proposes to keep the work of the city on Sunday and evenings with the city standing part of the cost of maintenance. This, he feels, will be a temporary solution of the problem of women's comfort station. For a men's station, he has another plan which he will make public at the meeting Friday.

TAKES RAILROAD JOB IN PHILADELPHIA

Richard Anis, for the past two years chief clerk of the Northwestern railway office here, has taken a position as chief clerk to the general agent of the Northwestern at Philadelphia. He left Janesville today to take up his new duties.

Mr. Anis has been in the employ of the Northwestern for four years. He has always been in railroad work. His work here has been of such nature that other offices of the Northwestern, especially Milwaukee, have been seeking his services.

Leaves Hospital. Frank Nick, an Italian laborer, left Mercy hospital Tuesday after being treated for a crushed foot, suffered while carrying steel rails in the Milwaukee railroad yards. The foot was caught in a draw.

Put in New Rails. Laying of concrete between the rails at the South Jackson street crossing as part of the railroad's contract in giving the city a better street has started. It should be finished in a day or two. South Jackson street is now closed.

St. Paul Cleanup. A yard crew is cleaning up the yards and trucks of the Milwaukee road within the city limits.

SAMSON BAND TO PLAY AT FORT, NOV. 11

The Samson Tractor band will be one of four bands which will head a procession at Fort Atkinson, in the Armistice Day celebration. The celebration is under the auspices of the American Legion. The Madison American Legion band, St. John's Military of Delafield will also be in the parade. The parade will include national guard companies, tanks, floats, and ex-service men.

There will be a football game between Whitewater normal and Beloit college, wrestling matches, a carnival and dance, and patriotic exercises.

CARD OF THANKS. We wish to thank our friends and neighbors for their kindness and sympathy shown us during our recent bereavement. Also for the beautiful floral offerings.

25 LOCAL BOYS TO ATTEND CONFERENCE

Twenty-five from Janesville will attend the eighteenth annual older boys' conference which is to be held at Madison Nov. 25-27-28; the three days following—Thanksgiving. Day. A. C. Preston, boys director of the Y. M. C. A., will accompany them. The convention last year was held at Sheboygan and the 20 boys who went from here had fine time and were entertained royally by the residents of that city.

The conference will include members of Y. M. C. A. church organizations, Boy Scouts and boys' clubs. Eight hundred boys from all over the state are expected. The speakers being arranged for the meet include several prominent "big men" and football stars. The boys will be entertained in Madison homes.

BILLY WHISKERS

FRANCES TREGO MONTGOMERY

Of course you know how interesting a fight is, so pretty soon a man driving a big dog stopped to watch them; the boys crowded round in a big ring; men came from the sidewalks and joined the crowd; a carriage had to stop just behind the crowd; then another carriage came from the other direction could not get through; and presently the street was filled from sidewalk to sidewalk with a big crowd of people and a jam of vehicles of all kinds.

Police tried to push their way through the crowd and moving on, but their time was wasted.

In the meantime Billy was turning around and around where he stood, always facing the dog which now began to dart in with a snap of his teeth and dart away again, trying to get a bite on Billy. The dog was too quick, however, and dodged every time the dog made a snap.

He was waiting for his chance and at last it came. The dog, in jumping away from one of his snaps, turned his body for a moment sideways to the goat and in that moment Billy sprang, hitting the dog square in the side and sending him over against the crowd. Billy followed like a little white streak of lightning, and before the dog could get on his feet had butted him again.

Such a howling and yelling as there was among that side of the crowd. Billy and the dog were now among them and they could not scatter much for there were too many people packed solidly about them.

The dog yelped as Billy butted him and began to run around the circle with Billy after him. After they had made two or three circles, Billy overtook the dog and, giving him one more good one, jumped between the legs of the crowd and wriggled his way through among the carriages

and wagons, under horses and between wheels, until at last he was free from the crowd.

Nobody at the outer edge noticed him getting away because they did not know what the excitement was and they were all pressing forward to see just as he left, somebody who could not understand what else could make such excitement arise.

much, but not knowing that he was the cause of it all. Blocks away he could hear their shouting, but he did not dare to go back there, for all of that. He was finding a great many things to interest him in the shop windows, which were all brilliantly lighted. Before one of these low windows he suddenly stopped. There, just inside the show window, was a big, brown goat. Billy did not know it, but this was a wooden goat, poised on its hind feet and ready to make a spring to butt somebody.

(More about the wooden goat tomorrow.)

Milan Bomb Was Not Intended for Allies

Rome, Oct. 20.—Police at Milan declare the bomb which exploded on the doorstep of the Cavour hotel at Milan, last week was evidently not intended for members of allied mission staying at the hotel. Another bomb was found outside the place on Monday after the delegates had left. It had not exploded.

The Letters of Tessie and Joe

DEAR JOE:

Did I tell you my Cousin Grace was back from her honeymoon? Well, she is. She asked me if I thought she looked married yet. Can you imagine that, Joe? Thought to tell the truth my Cousin Grace even as a girl had a sort of married look, though I suppose it was natural enough when you stop to reflect that she had scarlet fever twice, or at least once and a relapse, and was operated on for appendicitis before she was twelve.

They've got a nice little two-story house with three rooms downstairs and three up, making a perfect balance. I asked Grace when she was going to get the rest of her furniture in, and she looked real askance and said the house was furnished in the Colonial period and that was all the furniture with that period. You could of knocked me down with a feather pillow, Joe! But with my usual tact I excused myself from the predicament.

"Oh, Grace," I says, "I didn't mean to cast the inference that I think you haven't got enough furniture." I says, "because, personally," I says, "I adore this bare effect. It's so out-of-doors." I says, "How's that for lifting the spur of the moment by both horns, Joe? Anyway, as Mrs. Pink remarked, if that's the way they fixed up their houses in Colonial times no wonder the Indians showed a tendency to stay out in the woods to be shot at sooner than to drop in for a social chat."

I particularly asked to see Grace's dining room, Joe, because I wanted to find out if she had put our pickle dish in a deserving place. Well, Joe, would you believe me, it wasn't nowhere in sight! Nowhere! I suspected from the very first, when I found it buried under the other presents at Grace's wedding, that she didn't appreciate it and now I'm sure of it. I've got a good mind to go there for supper some time and bring a jar of pickles with me and literally force her pointblank in that way to display our present at least once.

The baby looked as if he was thinking about my this morning. Kind of laughing in a foolish sort of way with a faraway look.

Love, TESSIE.

WITH THE WOMEN OF TODAY

There can be no doubt on the matter, the National Woman's Party, which will be held in December, will be a scene of much rejoicing and jubilation, to say nothing of great business doings. It will be the first national convention of the women since the suffrage bill was passed. One of the busiest women in the convention will be Miss Sheldon Jackson. Miss Jackson is to have the job of seating the delegates and deciding contested elections. This will be one of the most difficult jobs of the convention, for there will be about 1,200 delegates in attendance.

Miss Jackson is already appointing a committee which will include one member from every state.

A GOOD IDEA

Canadian college women are asking universities in Canada to establish employment departments as a point of contact between employer and employee.

The resolution was passed at the recent meeting of the Federation of University Women's Clubs in Toronto. The agency is to be known as a "bureau of appointments." It is for the benefit of professional women who have to seek their own positions.

Similar ideas are already being worked out in this country.

The first prize for diving was presented to Aileen Riggan of Brooklyn, N. Y., by King Albert of Belgium. Miss Riggan was the youngest athlete in the Olympiad.

Miss Sheldon Jackson.

Miss Julia Rogers of Minnesota is in New York organizing a league of

Italian women, which she hopes to interest in the platform of the republican party.

Miss Ella A. Boole of New York received 73,961 votes from republicans and approximately 50,000 from prohibitionists in the republican and prohibition primaries held recently. She will run on the prohibition ticket in November.

Miss Jane A. Delano, director general of the department of nursing, died recently in Arlington National cemetery, Washington, D. C.

[By Gazette Correspondent.] Center—A concert will be given at Footville hall, Monday evening, at 8:30 by the orchestra of Beloit, assisted by a talented reader from Janesville. Several vocal selections will be sung by Miss Dolly Strain, Janesville, a former Footville resident. Mr. and Mrs. Andrew Nichols and cousin, Mrs. Henry Horan, of west of Footville, motored to Janesville last Sunday a week ago and called on their friend, Mrs. John Ryan, who is taking treatment at the sanitarium in South Janesville. Mrs. William Dohs is helping care for her father, John Drefahl, at his home in Footville. He is seriously ill, with but little hope for his recovery. Mrs. A. J. Heart and Home Problems

BY ELIZABETH THOMPSON
Letters May be Addressed to Mrs. Thompson, in Care of the Gazette

Dear Mrs. Thompson: Will you please tell me how to get rid of the roots of fine hair if used constantly for a time? I have a fine growth on my face and am very anxious to get rid of it.

What is good for red hands? B. L. A.

Yes, peroxide has a tendency to kill the roots of hair. You should not worry about the fine growth on your face. Everyone has it.

For red hands have your druggists prepare a lotion of one ounce of glycerine to two of bay rum, twenty drops of carbolic acid and enough perfume to give it a pleasant odor.

Dear Mrs. Thompson: We are two girls of fifteen and sixteen. One of us is an orphan girl, taken from an orphan home, and we both like to know how the people could have control over me and also if I would have to stay with them after I am eighteen.

Two are wondering if at the age of eighteen it would be too early to marry.

ANXIOUS.
The people who control over you until you are eighteen. After that time you will not have to remain with them. Yes, eighteen is too young to marry.

Dear Mrs. Thompson: There is a girl I go with whose parents I love not allow me to go with her. I love this girl and she loves me. I am not saint by any means, but I have not done anything that would keep me from going with a decent girl. Her folks won't tell her, or me either, why they do not allow her to see me. There is not a place she will not go to see me. I am not a bad girl, but she has to bring some other girl with her so as to get away from home, and therefore I do not know.

TESTED RECIPES

Boiled Macaroni with Meat Sauce.
Place two-thirds cup of finely chopped meat, four onions and two tomatoes minced very fine in a saucepan and add one-half cup of flour. Toss the meat and vegetables to cover with the flour and then add one-half cup of shortening and brown the meat and vegetables well. When nicely browned add three and one-half cups of cold water and stir. Bring to a boil slowly and cook very slowly for one and one-quarter hours on the simmering burner. Season and pour over one-half pound of cooked macaroni.

Sweet Potatoes on Casserole (serves four). Peel four large sweet potatoes and cut them in halves. Put them in casserole with a little water and butter and bake over them one-half cup of sweet milk or cream substitute. Season with salt and pepper; bake two hours. Very nice served with breaded meat chops or dinner.

Baked Potatoes with Eggs (serves four). Bake four large potatoes until soft. Allow one egg for each potato and separate the yolks from the whites, keeping yolks whole. Beat whites to stiff froth, and when potatoes are baked and the insides of potatoes scooped out, mix whites with potato mixture. Then add to this one tablespoon of melted butter, also salt and pepper, and return mixture to casserole, leaving a hollow in the center. This hollow fill the yolks and sprinkle the tops with bread crumbs and any tiny bits of butter. Return to oven long enough to set the eggs; serve very hot.

By ELOISE.

The "first suit" or school suit is always a difficult problem. It must not be too grown-up looking and yet it must have an air of smart girliness which will not be too juvenile to suit even the most particular fopper. This year the suit problem has been settled by many mothers by getting, not a suit at all, but one of the prettiest new plaid skirts and a smart little navy or tan coat.

There is one other way the suit problem may be solved and that is by getting one of the very English homespun suits which are now in the shops. Here is an attractive model in an odd shade of blue which is quite the thing for frosty days and school wear. It is a real study of warmth and makes it unnecessary to wear a heavy coat. Four pockets bound in gray and a gray scarf set it off nicely. A gray and blue turtleneck forms the finishing touch to complete the costume.

Yes, I think the girl's parents should give you a reason why they will not let their daughter see you. Perhaps they think you hurt her feelings and, why not, why not, why not, they can spare you. To hurt your feelings would be decidedly better, because it means giving you a chance to correct a fault of which you may be unconscious.

I would not advise you to join the army or navy as a means of improving your education. If you believe you would enjoy army and navy life enough to work up in the ranks and amount to something, then the reason for your taking up that line of work. You would have to study, however, and read, because education is necessary to success.

Dear Mrs. Thompson: I am a young girl of seventeen and would like to give a "Halloween" party. I would like to have all the boys and girls. Do you think I am too young to have young men call on me if my father does not object, but my brother does?

BROWN EYES.
Yes, it would be all right to invite both boys and girls. It would be all right to have occasional callers since your father does not object.

"World Weary": Yes, I will and answer your letter as you request.

KITCHEN HINTS
Kitchen Porcellains—Coal buckets, sink strainers, refrigerator pans and every household receptacle for waste should be kept absolutely clean. Brushes, brooms, dust cloths, scrub and window cloths and dish towels should all be immaculate.

The greatest offender—the dish cloth—deserves especial mention. It is used and indifferently washed out in most instances until it falls to pieces after a period of germ-laden usefulness. Dish cloths should be boiled out, washed and sun-dried daily and replaced very often.

Do Not Overlook the Refrigerator. Refrigerators, because they keep so cool and clean, chilled odors being slow to make themselves known, are most often neglected. They are perhaps the most vital of all household contrivances, and need the most care.

Twice a week the refrigerator should be thoroughly cleaned, washed and scrubbed. The shelves set out to air and sun-dry and the drain cleaned with the long handled brush that comes for the purpose, and plenty of hot ammonia water.

Not only the shelves must be cleaned, but the inner walls. The same from ice that forms on the lining soon clogs them and becomes very offensive. It taints butter, cream, milk, cheese and any open foods though the box may look innocent to the untrained eye.

Marquette.—Four local saloon men pleaded guilty to the charge of serving intoxicating liquors before Judge Quinlan in district court, and were fined \$200 and costs each. The court also issued permanent injunctions restraining three of the defendants, by Axel Johnson, Edward Bordenais and Victor Johnson. The fourth, operated by Ted Duke, was burned a short time ago.

JEFFERSON HIGH HERE SATURDAY

Jefferson high school next, and on the fair grounds here. That's the talk that is going the rounds at the Jefferson high. The boys will show here next Saturday. Daily practice is being held.

While Janesville was deprived of three points in last week's game, the boys have gained a greater confidence that they will get back and fight together. They are sticking and gaining. The game was the first one in several years that the local high school has really made any points. It shows the upward advancement of the coaching of both Floyd Reyer and Bert Wolf.

Not Discouraged.

No discouragement is felt because of the fact that Jefferson defeated Monroe 12 to 0 a couple of weeks ago. Knowledge gained in actual games should be so beneficial to the local boys that they will show strong Jefferson here next Saturday. The right now of being over-confident.

The second game which the Blues have played this year on their home grounds, it should have the utmost support of the student body. Every scholar owes it to the school to get out and shout just as much as he is strong to be patriotic to his city, state and nation.

SAMMIES WON 41 OF 65 CONTESTS

With the closing of the season with a 10 to 2 victory over the Ruppington team of Fond du Lac here last Sunday, the Sammie Tractors finish their first year with a run of success. The Tractors played 65 games during the season, winning 41 and losing 24, a percentage of 63.1.

This showing is one of the finest ever put up by first year organization. It is more wonderful when it is realized that some of the strongest teams in the middle west were met and scored with the small end of the final showing.

Finished Strong.

Pans were dubious when the matter of a team was first broached. Though they wanted a class organization, they did not feel that they could expect much during the first season. It was right for them not to raise their hopes too high, for the team came into the field next year ready to take on all comers.

Rather, the crew concluded this season in the fashion. That it was strong enough to meet any and all teams was proved by the showing made against the St. Louis Cardinals, the Chicago Cubs and the Milwaukee American association. It had long been felt that the Sammies were in the class with association clubs, and the fact that they were the best of the season showed this beyond a doubt.

Club Steady, Compact.

Taking a few of the figures, the Sammies scored a total of 284 runs in 65 games against 205 by their opponents. This is as high a showing as might be expected in any league, only once during the season did the local have a slump, but that lasted for only a couple of weeks. Out of it Manager Ferring built a steady, compact machine that from then on pushed ahead with ruthless disdain for the feelings of all comers.

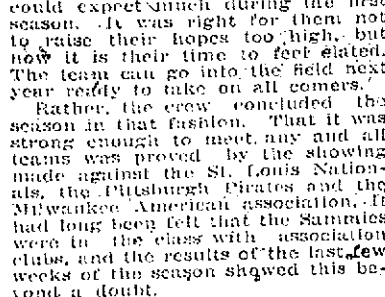

The weather for the year was remarkable. Only five of the games were cancelled because of the rain, and of this number only three of them in Janesville. The first day was only partly bad—the fourth of July—when it rained in the morning, but cleared off in the afternoon. Thirty-eight of the games were held in Janesville.

Made Money.

While the General Motors corporation declared its willingness at the beginning of the season to back the team with \$200,000, it was not a touch of that reserve fund was touched. Manager Ferring deserves much credit for this result and furthermore, is to be commended for the fact that the season closed with a balance in the treasury. In other words, the national sport has proved itself to be self-sustaining in Janesville.

The support given by the fans was far better than anticipated. The fans show this. Commencing with the first game, the professional ball had been in evidence. Five years, shows that Janesville is more patriotic in standing behind its club. Both Saturday and Sunday, crowds here were larger at all times than in the Gateway city.

BRINGING UP FATHER

MILTON BASKET TEAM IN TRAINING; SIX LETTER MEN

(By Gazette Correspondent.)

Million, Oct. 20.—Early to bed and early to rise, will be the rule hereafter for the 30 candidates for the Milton college basketball team. Beginning today the men will be required to take long runs daily, and keep in strict training if they intend to remain on the "varsity" squad. A mile or half-mile jaunt over the village streets will be led every morning before breakfast by the new captain, E. L. Lamphere, 22, formerly a lieutenant in the A. E. F.

With four members of last year's crack team which defeated Hibbing in college, prospects are bright for a winning team to represent the Blue and Brown this season. The four "varsity" men are Lamphere, Kankus, Oakley and Curtis. Perill and Stillman, who have also earned their basketball "A's" will be candidates for the team again this year. In addition to these six letter men 25 new students and second-string men have joined the squad. Among the newcomers are candidates for Earlwood Spoon, Janesville; L. N. Dandridge, Mineral Point; A. L. Lowry, Dodge Center, Minn.; C. J. Hill, North Loup, Neb.; A. J. Skaggs, Plainfield, N. J.; and E. W. Walters, Edgerton.

Mike Prendergast Hurls No Hit, No Run Game

Mike Prendergast, twirling for his old home team at Arlington, Wis., pitched a 4 to 0. The losers did not get a hit off Mike and he set twenty-one down on strikes.

Marquette—James Walter Bauer, son of James Bauer, Leominster farmer, was his life to game with he carried while hunting Monday. Bauer's gun slipped off a stump, struck the ground and was discharged. The charge of shot struck the watch and most of it was deflected. A few shots lodged in the man's body, inflicting slight wounds.

NOTT QUALIFIES AS EXPERT RIFLEMAN

Sergeant (Goodell) Co. "J" tank corps, has qualified as a sharpshooter with a score of 171 out of a possible 200. He was the only member of the Little club, qualified as an expert marksman with 178 out of 200. This makes six sharpshooters and two expert marksmen for the club. All shots for expert are at 500 yards, those for sharpshooter are at 200, 300, 400 and 500.

REAL INDIANS TO MAKE SPEAKER CHIEF

Peterboro, Ont., Oct. 20.—Fris Speaker, manager of the world's champion Cleveland American League baseball team, left here for Rice Lake on a hunting trip, which will be followed by a visit to the Hiawatha tribe of Indians, by whom Speaker will be made a chief. Plans for the ceremony were started by the Indians during the world's series. Two Cleveland managers were accompanied by Leslie Munamaker, catcher, of the Cleveland Indians, who played with the Rochester franchise last season, was released outright to Toledo.

PETER MANNING IS WINNER AT ATLANTA

Manning, the son of a record holder for three heats in his division, had things all his own way in the 2:14 class trotting contest, which was the feature event on the Grand Circuit card at Lakeland Sunday. All the money in the \$2,500 stake race in straight heats. Placed by Stokes, the Murphy gelding's best time was 2:06 1/2, made in the final heat.

Giants Release Three Players to Minors

New York, Oct. 20.—The following releases of players were announced by the New York Nationals: Robert Kinsella, outfielder, to Indianapolis under option and Albert J. White, infielder to Oakland, under option. Birmingham J. Brown, pitcher, who played with the Rochester franchise last season, was released outright to Toledo.

TENDLER IS AFTER LEONARD'S CROWN

One of the strongest boxing attractions ever arranged for Milwaukee, will be staged at the Auditorium Oct. 28. In addition to having signed up Lew Tandler of Philadelphia and Joe Welling of Chicago, there will be an all-star card of preliminaries.

Eddie Boehme, one of the best of the middleweights in the middle west, will face Johnny Mendelsohn, the pride of the south, who is a ten rounder. While Frankie Schmaler of Milwaukee and Jack "Bile" of New York, who fought a sensational ten round go hard last Friday, have been rematched for ten rounds of milling.

Tandler arrived from the east on Saturday and worked out at Morgan's gym Sunday afternoon. He will continue his daily workouts there until the day of the scrap. Welling will do his training work in Chicago.

Smooth Fighting Machine.

Fans from all over the middle west are expected here to see the conqueror of Pinky and Ritchie Mitchell perform again. Tandler is one of the smoothest fighting machines in the business today and is the logical contender for Benny Leonard's lightweight title. It is a certainty that Tandler and Leonard will hook up before long in a title go and Tandler's appearance in Milwaukee, will give the fans of this section of the country another good chance to see how good he really is. Tandler defeated Johnny Dundee in New York several weeks ago and he also is being mentioned as a probable opponent for Leonard in a New York ring in the near future.

FIGHT DECISIONS

Seattle, Wash.—Harvey Thorne of Kansas City failed to win the Pacific coast welterweight crown when he fought Davis of Everett, Wash., held him to a draw in 12 rounds.

Brockfield, Arthur Johnson, Hlee lake, has been bound over to the circuit court charged with the murder of August 22 of his wife. Johnson attempted to commit suicide after killing his wife.

NO DUCKS YET; LOTS OF RABBITS; FISHING IS GREAT

Duck hunters of this part of the country are disappointed and doubtful as to the success of the season. So far, Lake Koshkonong and other water places nearby have been entirely deserted by the birds. Cold weather, especially frosty nights, are prayed for by the sportsmen to bring the geese southward.

Delightful though the present kind of weather may be to many people, those birds that have been seen in this vicinity have been so few as to make it useless to go to the lakes. Even these fly so high that the shotgun is worthless.

May Be Too Many Hunters.

Then when the cold weather does hit these parts and the geese begin to fly, it is felt that there will be so many hunters crowding the feeding grounds that the sport will be spoiled for everyone.

Meanwhile, fishing and rabbit hunting have been occupying the time of the sportsmen. The warm weather and lack of rain are making the fish bite freely. But the weather is not of the best for rabbits. While there are here in abundance, they are yet too soft for good eating.

One thing that is a benefit to the hunter this year—if he could find something to shoot—is the recent decision of the Wisconsin supreme court upholding free shooting in the state upon navigable waters. The judicial body held that the public has a right to boat, fish and hunt for pleasure on the meandering waters of the state. The decision means that no one has the right to bar the pleasure seeker on marsh land. This affects thousands of acres of ducking marsh in Wisconsin which have been under private control but which now become territory where the public may hunt and fish.

Suggest Refugees.

"Outer's Regulation" in commenting upon the situation declares its belief that such territory, when made into public hunting grounds, should be designated as such and properly controlled and regulated by the state. Certain sections, it says, should be set aside as "refuges" on which no shooting should be permitted in order that no one has the right to bar the pleasure seeker on marsh land. This affects thousands of acres of ducking marsh in Wisconsin which have been under private control but which now become territory where the public may hunt and fish.

One local man who will soon be going after rabbits is George Ferring, manager of the Samson bill team. He goes out using nothing but a rifle and claims he can get eight of every ten.

WILLOWDALE

Willowdale, District 1.—Mr. and Mrs. James Connell and son, Robert, spent Friday at Henry Kooley's, visiting at his home here. Miss Bil- leop Spohn, Janesville, was a guest at the Carroll home, Tuesday.—Mrs. Clarence Finley and the Misses Marie, Kathryn, Josephine and Mae Mooney were entertained at a 7:30 o'clock dinner Thursday evening at the home of Miss Margaret Gray, Janesville.—The famours are busy husking corn and digging potatoes.—Several from this vicinity attended the funeral of Mrs. James Spohn, Janesville, Tuesday.—Mrs. Katherine Kerwin, Madison, is visiting relatives here.—Vincent Crane was a caller here Monday.—A number of young people attended a costume party at the home of Mrs. Albert Mahoney, Janesville, Thursday evening. Miss Margaret Farrell was guest of honor.—Mr. and Mrs. Frank Liehtuss have moved to New York, where they intend to make their future home.—The auction at the G. W. Schmidley farm, Tuesday, was well attended.—Mr. and Mrs. John Cleland were callers at P. Mooney's Monday afternoon.

Merrill—Out of one thousand head of cattle tested for tuberculosis at Tomahawk, some, Wilson and Harrison, only two were found to be infected, according to Dr. Olson, state veterinarian.

Woman—Word has been received here of the death in Chicago of Dr. R. C. Hughes, former president of Ripon college. At the time of his death he was attached to the general board of education of the Presbyterian church. He is survived by his widow, one son and four daughters.

JURY FINDS ANOTHER WORLD SERIES WAS SET TO BE FIXED

Chicago, Oct. 20.—The special grand jury investigating the baseball scandal on Tuesday received evidence indicating that a gambler, "ring" had planned to fix another world series in addition to the 1919 one between Cincinnati and Chicago, but that the plans were never carried out, according to Harry Replogle, assistant state's attorney in charge of the inquiry.

Mr. Replogle refused to say what world series it was.

The jury on Tuesday heard further evidence concerning the activities of Hal Chase while in the major league, delivered into the baseball league, and also interested itself in the proposed reorganization of baseball as outlined at the meeting yesterday of the eight National league club owners and representatives of three American league clubs.

Ban Johnson, American league president, and John Heydler, National league head, were the chief witnesses. Other high baseball officials called to testify were excused.

Fond du Lac—Fred by a justice of the peace of a charge of violation of the liquor laws. Fred Chapcar, 2700, of a soft drink place, was immediately rearrested on a second charge of violating the same law. Prosecuting Attorney James Murray filed the second charge in circuit court. It was charged that two prohibition agents obtained two bottles of whiskey at Chapcar's place.

The "U.S." Walrus

Three reasons why you'll like the new "U.S." Walrus

- 1—Can be cleaned instantly
- 2—Slips on over your leather shoes
- 3—Fleece-lined—warm and dry

NO more dirty, mud-clogged overshoes! Here's an overshoe that you can clean instantly—no matter how dirty it is! Dash a pail of water over it—or hold it right under a faucet—and every trace of mud washes quickly off its smooth rubber surface.

When you have to go out for wood, or to milk, or for any of those dozens of odd jobs around the place—you want an overshoe that you can slip on and off in a hurry. Here it is—buckle it on in a second—unbuckle it and push it off with your toe when you're through.

Ever work on a job all day long with wet, cold feet? If you have, you'll be glad of the soft, fleecy lining in this new overshoe that keeps your feet warm and comfortable. Dry, too—it's absolutely watertight.

Built for the hardest wear

Made by the oldest and largest rubber manufacturer in the world, the U. S. Walrus is built for the roughest wear. Its sole consists of heavy layers of the finest rubber. All other points of strain are specially reinforced.

Ask your dealer to show you the new U. S. Walrus. Look over the rest of this U. S. line—boots, booties, arctics—whatever you need. Every one is backed by over half a century of experience. The rubber comes from our own plantations—the whole process of manufacture is supervised by experts.

Always look for the U. S. Seal—it means solid wear and long service for your money.
